BRIEF ABSTRACT OF LETTER.

Communicates a proposal of the Dy. Com., Mysore List, for the opening of rain-gauge stations at Chunchanakatte, Sahyamat Sheriya in the Yedatore taluk in which there is at present only one station viz. at the taluk headquarters & requests that sanction may be accorded for opening such stations at Sahyamma & Sheriya only & adds that a rain-gauge at Chunchanakatte does not appear to be necessary as it is only 5½ miles distant from Yedatore -

From

N. Venkatesa Iyengar, Esq., B.A.,
Chief Observer in charge,
Mysore Meteorological Department.

To

K.S. Chandrasekhara Aiyar, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Genl. & Rev. Depts.

Dated Bangalore, the 20th July 1909.

Sir,

I have the honor to submit that the Deputy Commissioner, Mysore District, states in his letter No. 97 dated 9th July 1909 that it is not possible to know the rainfall in different parts of the Yedatore Taluk as there is only one Rain Gauge Station at present at Yedatore for the whole Taluk and proposes that three new Rain Gauge Stations be opened in the said Taluk at Chunchankatte, Saligram and Bherya respectively where Police Stations exist. The accompanying sketch of the Yedatore Taluk shows the positions of the proposed stations with respect to Yedatore. A Rain Gauge Station appears to be unnecessary at Chunchankatte as it is only five and a half miles from Yedatore.

In the circumstances above represented, I have the honor to solicit the sanction of Government for opening two Rain Gauge Stations at Saligram and Bherya.

I have the honor to be,
Sir,
Your most obedient servant,

N Venkatesa Iyengar
Chief Observer in charge,
Mysore Met. Dept.
